Dividend and interest income earned

For purposes of this statement, taxability of interest and dividend income has been determined from a US tax reporting perspective. Based upon the residence of the account holder, account type, or product type, some interest and/or dividend payments may not be subject to United States (US) and/or Puerto Rico (PR) income taxes. The client's residency statement is not intended to be used and subject to be relied upon for tax purposes. Clients should refer to the applicable tax reporting forms they receive from UBS annually, such as the Forms 1099 and the Forms 480, for tax reporting information. It is the practice of UBS to file the applicable tax reporting forms with the US Internal Revenue Service and PR Treasury Department, and in such forms accurately classify dividends and/or interest as tax-exempt or taxable income. Please consult your individual tax preparator.

Closed end funds & Exchange traded products

If any of the closed end funds you hold are advised or co-advised by UBS Asset Managers of Puerto Rico, please note that the price per share information listed below reflects either (1) the bid price for the shares of the funds as of the closing date of this statement (the "bid price") as determined by UBS Financial Services incorporated of Puerto Rico (UBSFS) or (2) in the absence of a bid price, the indicative price reflecting UBSFS's best estimate of the price at which UBSFSPR would bid if it were to make a firm bid at the time. The price per share shown in this statement may be higher or lower than the NAV of the funds on the same date.

Total reinvested is the total of all reinvested dividends. It does not include any cash dividends. It is not a tax lot for the purposes of determining holding periods or cost basis. The shares you receive each time you reinvest dividends become a separate tax lot.

Cost basis is the total purchase cost of the security, including reinvested dividends. The cost basis may need to be adjusted for return of capital payments in order to determine the adjusted cost basis for tax reporting purposes.

In addition, the price per share listed here may be higher or lower than the last price at which the funds traded as of the closing date of this statement and the price at which the funds may have traded on any date subsequent to the closing date of this statement. Additional information, including prospectuses, an informative brochure and recent NAVs for closed end funds managed or co-managed by UBS Asset Managers of Puerto Rico can be found at www.ubs.com/puerto.

Unrealized (tax) gain or loss is the difference between the current value and the cost basis and would generally be your taxable gain or loss if the security was sold on this date. The unrealized (tax) gain or loss may need to be adjusted for return of capital payments in order to determine the realized gain or loss for tax reporting purposes.

Investment return is the current value minus the amount you invested. It does not include shares that are not reflected on your statement, including shares that have been realized as either a gain or a loss. It also does not include cash dividends that were not reinvested.
